Home State Health transitions to Availity Essentials

Home State Health has chosen Availity Essentials as its new, secure provider portal. Starting January 20, 2025, you can validate eligibility and benefits, submit claims, check claim status, submit authorizations, and access Home State Health, Ambetter from Home State Health, Wellcare, and Wellcare by Allwell payer resources via Availity Essentials.

If you are already working in Essentials, you can [log in to your existing Essentials account](#) to enjoy these benefits for Home State Health members beginning January 20, 2025:

- Use Availity Essentials to verify member eligibility and benefits, submit claims, check claim status, submit authorizations, and more.
- Look for additional functionality in Home State Health’s payer space on Essentials and use the heart icon to add apps to **My Favorites** in the top navigation bar. Our current secure portal will still be available for other functions you may use today.
- Access Manage My Organization – Providers to save provider information. You can then auto-populate that information repeatedly to eliminate repetitive data entry and reduce errors.

If you are new to Availity Essentials, getting your Essentials account is the first step toward working with Home State Health on Availity.

Getting started: Designate an Availity administrator for your provider organization.

Your provider organization’s designated Availity administrator is the person responsible for registering your organization in Essentials and managing user accounts. This person should have legal authority to sign agreements for your organization.
